Dear Mr. Jones:

Thank you for your time on the phone yesterday. Please forgive my slowness in sending this to you. If this does not allow you sufficient time before 1pm Eastern Time February 17, please let me know and I will be happy to reschedule our interview to a more convenient time for you.

I would like to discuss the main reference document Morawiec, and how we believe our invention is different and how we feel this is distinguishing. Our main point of discussion is that Morawiec does not seem to show a three-dimensional game space, but instead has multiple 2 dimension game spaces, which is different than a 3-dimensional space as contemplated by the applicant's invention.
